INTEGRATION--Mayor James Christensen and what appears to be a majority of the city council have expressed interest in combining the duties of the Upland Police and Fire departments. It promises to be a controversial issue. "When will we start something on integrating the departments?" asked Mayor Christensen of City Manager Elwin Alder. "I reported on it several years ago," returned the manager. This was at a recent meeting. Pro-

ponents claim merger of duties of the two departments will result in higher pay for the men and more service at less cost for the taxpayer dollar. Opponents contend it would be neither "fish nor fowl" and that efficiency would suffer. Tuesday night city council instructed the manager to plan a trip to Sunnyvale near San Francisco to study its integration of the fire and police departments.

Upland fire-police merger study OKed

Upland City Council Tuesday night authorized a study of merger of duties of the fire and police departments and agreed to set up an official Parking Authority to cope with that downtown problem.

Councilman Ronald L. Rossiter reported the final plans for the \$1,080,000 library and new fire headquarters projects in the Civic Center complex would stay within the 13.25 cent tax rate which was promised several years ago.

And the city attorney informed the council the State Supreme Court has consented to hear the appeal the city is making for the right to hold a referendum on a railroad spur through a residential area of town.

There seems to be no great opposition from the department heads on a plan to merge some of the duties of the fire and police departments," City Manager Elwin Alder said.

He was instructed to set up a trip for the police and fire chiefs to visit Sunnyvale, near San Francisco, which has had a combined department the past 17 years.

Under the plan many duties of the policeman and the fireman would be merged in an attempt to effect a savings to the taxpayers.

John Atwood, representing the downtown revitalization committee, presented petitions to the council requesting a Parking Authority be formed, commissioners appointed, and official efforts be put forth in solving the downtown problems.

"We have carried this as far as we can," he said, "and we need someone with authority to take hold."

The council instructed the resolution setting up the authority for action at the next regular meeting.

Councilman Rossiter said it was "with a feeling of real accomplishment" he could report that the new library and fire headquarters projects, a part of the civic center complex, can be let for bids in August.

"Thirty days after that the bids can be in and construction could very well start in the early fall," he said.

Plans call for a 12,000 square foot fire headquarters facility at Second Avenue and Arrow Highway. The library plans call for 23,000 square feet of space and both are designed with expansion later a part of the overall project.

The library, off Euclid Avenue at D Street, will also contain a conference room which may be used by the City Council for its meetings.

Federal funds will foot approximately half of the \$1,080,000 cost of the entire project. The local tax rate for the city's share is estimated to be 13.16 cents per \$100 assessment.

The cost to the city of the appeal to the State Supreme Court for the railroad spur referendum is estimated at \$1500.

Councilmen were told Tuesday night the court had agreed to hear the appeal which contains the principle the people of Upland have the right to hold a referendum and decide for themselves whether a Santa Fe Railroad spur would be allowed in the Foothill Knolls residential area.

The Court of Appeals decision handed down May 8 upheld the decision of Superior Court Judge Carl B. Hilliard that the ordinance granting the franchise was an administrative act and not a legislative act.

This decision removed the right of the City Council to order a referendum election to determine whether or not the people wanted the spur line.

In other actions Tuesday the council:

Presented Ellery Wright a plaque in appreciation for his 21 years of service as a member of the Upland Housing Authority. Donald Cook was appointed to fill the vacancy caused by Wright's retirement.

Granted Andrew Barmakian's appeal from a city Architectural commission ruling required a proposed

Goodyear Tire store at San Antonio and Foothill to face away from the street.

Barmakian said the building was designed so motorists could see the work getting done in the service department. He said this was important advertising for the company and it would refuse to build unless it could follow the plan.

Councilman A. M. Hawkins and Councilman Rossiter differed on the appeal. Hawkins said the city had no right to prohibit a business to take advantage of advertising in its architecture. Rossiter contended people would know the Goodyear sells tires and didn't have to see the work going on. In the end, Rossiter, Haw-

The statue is a bull

The statue of a bull will be reviewed tomorrow morning, July 20 at 8 a.m., by the Upland Architectural Commission in the Council Chambers at City Hall.

This bull is planned tall and proud over the Upland Packing Company, on the westside of Grove Avenue between Eighth Street and Chaffey Street.

El Toro should have the unique, architectural feel of the City of Upland, which may constitute the reason for its review by the Commission.

And that's no bull!

Chaffey budget, tax rate up-cautiously

Chaffey Union High School district trustees Monday night adopted an \$8,961,893 publication budget for 1967-68 with a tax rate increase over last year of four cents and four mills per \$100 assessment.

The budget, which will not become final until it is published, a public hearing is held and it is adopted in September, includes pay raises

for teachers and classified personnel.

It is cautious in that it does not allow for expected increased state monies to education in legislation now pending in Sacramento.

In that event, members agreed Monday, the funds will go into the general reserve fund to bring it up to the desired 10 per cent of the total budget.

Reserves are down \$1,108,000 from that 10 per cent now.

New member of family

This week we wish to welcome a new advertiser, the Mayfair Market, to our family. Look for their advertisement on page 12 of the Upland News.

Trustee William C. Draper cast the only dissenting vote for the publication budget.

"It is a matter of principle," he said, "I was opposed to full-time pay for summer school teachers when it was adopted and I am not happy with it now."

Draper was the only member favoring cuts in summer school pay in the preliminary budget negotiations with the teacher salary committee.

The action restored summer school pay to last year's level, deleted a \$50 annual pay increase for beginning teachers, and restored pay benefits to tenure teachers.

In May the teachers also won a hospital plan from trustees in negotiations which will cover all employees and cost an estimated \$76,700. The district will pay \$100 of the cost and teachers and classified employees will pay \$46 a year to either Blue Cross or Kaiser Foundation.

"Your no vote on the budget undercuts the faith the people will have in it,"

Australian Bible lost

Has anyone seen an Australian Bible on the sidewalks of Upland?

Elder Philip Baker, Adelaide, South Australia, who is in town acquainting local residents with the teachings of the Latter Day Saints, lost it Saturday afternoon somewhere near San Antonio Avenue and Winn Street.

He dropped it from his bicycle and it is of great sentimental value to him. It is an indexed edition of the old and new testament with a zippered black cover.

The address inside is of the Australian home of the young missionary who is here at his own expense.

He would appreciate, and remember in his prayers, the finder who would send it to him at 834 Alpine Street, Upland, where he is staying in the dormitory of the now defunct Upland College. His telephone number is 985-1139.

said Superintendent Allen Smith.

However, when he was assured by Draper that it was a vote of principle against summer school salaries, he said:

"I understand your point of view."

The new Ontario High School campus to be opened in the fall received \$300,000 from the reserve fund which will be replaced when property now owned by the district is sold.

The publication budget calls for a \$1,933 tax rate, a reduction of .016 below the tentative budget rate of 1.889. Measured against the 1967-68 actual tax rate, this year's bite represents an increase of .044 or four cents and four mills.

Health insurance contributions by the district account for .029 of the increase and tennis courts for Ontario High School from the community service fund accounts for .016.

A pleasant surprise to trustees was the receipt of some \$70,000 in taxes over what was anticipated last year. Assessed values of the district increased.

A report on summer school attendance Monday showed that Upland, Montclair and Alta Loma High schools had an increase of enrollment over 1966 and that Chaffey suffered a decrease.

Alta Loma High had 541 students the first day of summer session this year compared to 480 last year. Montclair was up to 628 over 550 and Upland increased to 1,060 over 946 last year.

Chaffey dropped from 1,652 a year ago to 1,548.

Superintendent Smith said "no one really knows the reason."

Policies for the new year were approved at the meeting Monday night with the exception of one setting maximum requirements for liability insurance on construction jobs and another on purchasing procedures.

Smith said the high requirements in insurance are costing the district some 10 per cent of the construction cost in some cases and that more leeway for the purchasing agent in accepting bids is needed.

New sign

Architect Paul Hershey's "old fashion clock tower concept" for revamping the Big U stump at the entrance of downtown Upland was approved Tuesday night by the city council.

However, the council refused to allow the steeple atop the proposed new sign to extend the nine feet over the 40 foot height maximum required by the city code.

City Manager Elwin Alder reported to the council that the Downtown Retail Merchants Association had approved Hershey's design for replacing the Big U sign which was blown down last year.

Changes include taking the marquee presently on the "stump" and installing overhanging lights. The sign at the top will contain the letters "UTC" to designate the new Upland Town Center which is part of the revitalization plan.

Andrews is new director

Howard A. Andrews, of Fontana, was appointed to the unexpired term of John D. Saussaman on the board of directors of the Chino Water District at a meeting Tuesday morning at the district office, 8555 Archibald Avenue, Cucamonga.

Andrews, 43, is project superintendent for Fontana Slag and resides at 8614 Blanchard, Fontana.

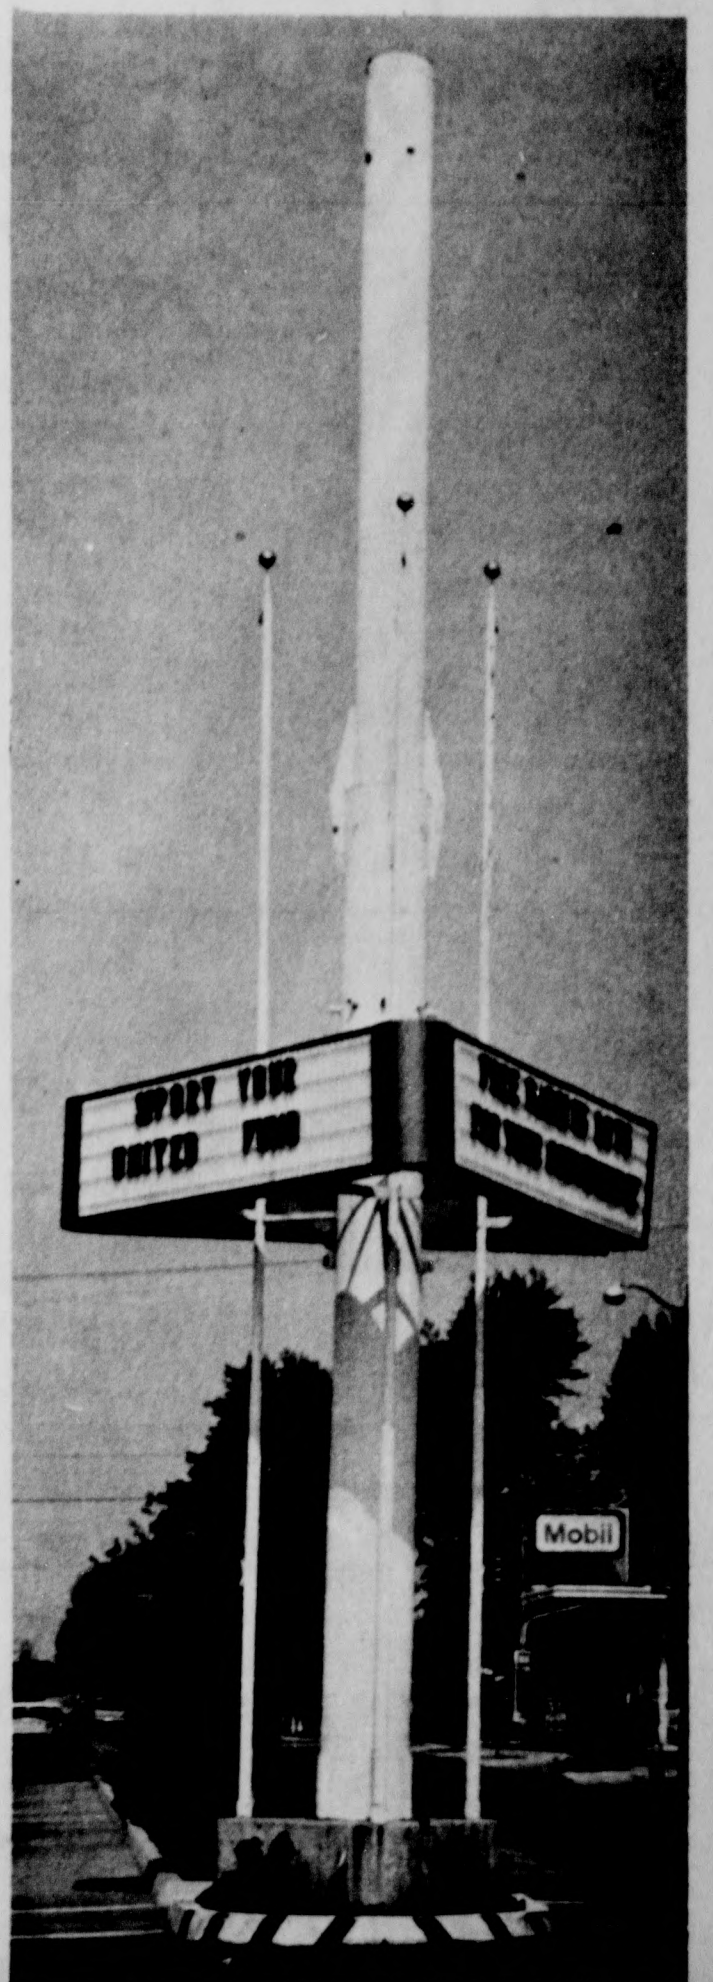

The district board will hold its reorganization meeting Thursday, August 3 at 9 a.m.

Assessments rose less

SAN BERNARDINO (CNS) -- County assessments in the cities of Montclair and Upland rose less sharply last year than in the rest of the county, it was disclosed Monday.

IT'S THIS SUNDAY--Perhaps a bit over-eager, but getting prepared like the good Scouts that they are, this array of brawn and beauty is readying for Upland Day, July 23, at Mt. Baldy. Monies raised from the ski-lift ride to "the Notch" and back will go to the Upland High School band. The price has been reduced from \$2 to 50 cents for the day to holders of the coupon published this week in the Upland News. Fitting Miss Carolyn Perkins with her skis for the straw slopes are from left to right, Chamber Manager Tony Malone, Band Director Al Warren and Mayor James Christensen.

Quimby appointed to open space committee

Assemblyman John P. Quimby (D-Rialto) has been appointed by Speaker Jesse Unruh to membership on the Joint Legislative Committee on Open Space Lands.

This committee was created by Assembly Concurrent Resolution 26 of the 1967 Session, following passage of Proposition No. 3 which was on the November 1966 ballot.

Assemblyman Quimby said:

"Early in this legislative session I sponsored legislation pursuant to Proposition No. 3 which would have provided immediate and substantial property tax relief to owners of agricultural land." The bill was tabled pending the appointment of this joint committee.

Now, that I have the honor of being a member of the committee, I intend to work diligently not only for the preservation of open space for natural beauty, but in particular for property tax

relief for California's agriculture."

The Chairman of the Committee is Assemblyman John Knox of Richmond. Other members are Assemblymen Alan Pattee of Salinas and Edwin Z'berg of Sacramento.

Should enrollment warrant, an additional class will be scheduled for 11:15 a.m. - 12 noon.

The Olympic-size pool is available to the general public through Sept. 1, week-ends included. The hours are 12 noon to 6 p.m. daily and 7-9 p.m. on Wednesdays.

Air Quality Act before Congress

U.S. Senator George Murphy, R-Calif., has joined as co-sponsor of the proposed Air Quality Act of 1967, one of the major pieces of legislation being considered in Congress.

The bill, which has already been approved by the Senate Public Works Committee, will develop cooperative federal, state, regional and local programs to control air pollution.

As reported by the Committee, Senator Murphy's bill would authorize \$700 million over a three-year period to help finance re-

search and other programs to control pollution of the air.

The bill would also:

1. Authorize the Secretary of Health, Education and Welfare to divide the country into "air sheds" or air quality control regions.

2. Allow HEW to establish criteria for controlling various pollutants in each region.

3. Give states within each region up to 15 months in which to accept the air quality standards.

4. Authorize HEW to implement the standards if

states fail to do so.

In addition, the bill allows HEW to go to court to shut down a source of pollution when it is found that residents of an area are in danger of a health hazard due to a pollutant.

Senator Murphy, a member of the Public Works Committee, was instrumental in including a provision in the bill aimed at protecting California's strict controls on pollution from motor vehicles.

Under the Murphy provision, HEW is required to waive the federal pre-emption of vehicle pollution control standards in California unless it is found that the state does not need stricter standards to meet "compelling and extraordinary conditions."

The California Senator persuaded other committee members to accept the special waiver for California by pointing out that his state already imposes stricter vehicle pollution control standards than is contemplated by HEW.

The State Motor Vehicle Pollution Control Board now limits hydro-carbon emissions in vehicle engines to 275 parts per million and, in 1970, will lower the permissible limit to 180 parts per million. The state law limits carbon monoxide emissions to 1.5 per cent and will tighten the limit to 1 per cent in 1970.

Senator Murphy said California has found it necessary to impose stricter vehicle pollution control standards, and his provision insures that the federal government will not take away that right. California is the only state in which the waiver will apply.

Girl Scout Leaders Leave For New York Conference

"Three adult volunteers from the Spanish Trails Girl Scout Council, Mrs. Jack Sawyer, Chino, Mrs. Cory Aylor, Cucamonga and Mrs. Charles Heckel of Whittier are leaving for New York on Thursday, July 20, 1967 to attend a 7-day Conference on Cadette Girl Scout Tenure and Membership," according to Mrs. Joseph Axline, Council President.

"This Conference is scheduled in order to gain a deeper understanding of the Cadette Girl Scouting Program and how it meets the needs and interests of the 12-14 year old girls; to identify the extent to which the expectations of Cadettes are being met in our own council and to make definite plans for the next steps that are deemed necessary for each council to maintain the strengths and and overcome any weaknesses that will be identified in the program," Mrs. Axline added.

The three adults will be meeting with several hundred council representatives from throughout the United States at the Edith Macy Training Center located in Pleasantville, New York. Edith Macy Center is the National Training Center for Girl Scout adults and was donated to the Girl Scouting organization in 1925 for this purpose. It is located in a camp setting that covers 250 acres of heavily wooded hills and fields. Students for each training event live and work in one of the units, and each evening the entire Center meets at the Great Hall for dinner so that the adult "students" have opportunities to get acquainted with people

from other camp units.

Mrs. Cory Aylor, 7507 Cerrito Rojo, Cucamonga is the current Council Program Committee Chairman. She has been active for many years in the Spanish Trails Girl Scout Council having served 3 years as Alta Loma-Cucamonga-Etiwanda-Service Team Chairman; Chaffey District Chairman, 3 years; 10 years as a Troop Leader; Volunteer Trainer; Administrative Assistant to Roundup Staff during 1965 Roundup at Farragut, Idaho. Taxpayers get 1-cent rate break from Chaffey College trustees

Chaffey College gave tax-punchy taxpayers some reason to rejoice with the announcement of a 1-cent tax rate reduction when trustees met Tuesday, July 11.

The reduction marks a 13 cent decrease over a nine-year period. Comptroller William Grigsby reported a tax rate of .481 cents for 1967-1968 as compared to .610 for 1959-1960.

In the annual election of officers, Mrs. Georgia Mellon of Fontana was voted chairman for the fifth consecutive year, Dr. Merle Cox Upland, vice chairman, and Ralph Miller, also of Upland, clerk.

Mrs. Mellon was nominated also as a candidate for representative to the California School Board Association delegate assembly from the 20th constituency. She has been active in CSBA for the past year.

Dr. Kenneth Wilcox, Upland, was reappointed as Chaffey College representative of the County Schools Committee. Rosemarion-Cunningham of the office of the president was continued as board recording secretary.

The board authorized six programs and two alternates for the hard-core unemployed as Chaffey's share of

the Inland Empire Training Project. This action is contingent upon state apportionment and Federal funding in the amount of \$181,917.12.

The six programs tentatively charted for the academic year are machine operator helper, auto mechanic helper, auto body repair, household appliance service, groundsman-gardener and nurse's aid. The alternate categories are waitress and food service.

Should the funding materialize and the superintendent of county schools so stipulate, the board approved inclusion of the item in the Chaffey budget.

A public hearing on the budget, which currently stands at \$5,023,974, will be held at the board meeting of Aug. 1.

...

In other action, the board: --Reaffirmed a revised application for \$31,000 under Title III, Higher Education Act of 1965. The grant would support three teaching fellows and an institutional research assistant.

--Approved the appointment of Donald H. Dougherty as reference librarian in the rank of assistant professor. --Confirmed the appointment of Robert Joines of Upland as bookstore manager to succeed Ralph Almquist upon his retirement from that post.

--Scheduled regular meetings of the trustees for the third Tuesday of every month at 7:30 p.m., effective in September.

Spanish Trail scouts to attend conference on home in Arizona

Diane David of Montclair and Janet Johnson of Upland, Senior Girl Scouts from Troop No. 1080 of the Spanish Trails Girl Scout Council, have been selected to attend the 1967 Conference on the Home in Tucson, Arizona.

Mrs. Cory Aylor, Council Program Committee Chairman, said the two girls were selected for the opportunity from among many applicants within the Council and that the trip is being sponsored by the Spanish Trails Girl Scout Council.

Some "200 Senior Girl Scouts from all the Councils in Region XII are invited to attend this conference," Mrs. Aylor said. "Workshops in six subjects areas—Your Community, Your Family Living, Your Food, Your Management, Your Equipment and Your World Neighbors will be conducted by members of the Home Economics staff from the University of Arizona."

The orientation will be on the problems and situations that girls are meeting now and will meet in the future. Each of the workshops will be organized as a Girl Scout Troop, composed of delegates from different parts of the Region, with a Troop Adviser and an Assistant Troop Adviser.

The girls and adults will live in a dormitory on the University Campus, eat meals in the University Cafeteria and attend many conference sessions on the campus. There is also fun, recreation, music, local shopping and sharing with each other planned—plus a cook out in the desert evening. Mexican fiesta is also included in the week-end plans plus opportunity to attend churches in Tucson for those who are interested."

Janet Johnson, a blind girl

scout, has been in the program for 10 years. She is the daughter of Mrs. Helena Johnson, 1778 North Second Avenue, Upland, and is a 1967 graduate of Upland High School.

Janet was a member of the American Field Service Society, Speech Club, Spanish Club and the H-Markers from St. Mark's Episcopal Church in Upland.

Diane David, daughter of Mr. and Mrs. Max R. David of 10223 Marion Avenue, Montclair, is a student in the Junior Class at Montclair High School. She has

been an active participant of the scouting program for 5 years and is currently enrolled in Troop No. 1080 under the leadership of Mrs. George Brewitz.

She has been a representative to several Senior Girl Scout Conferences, not only hosted by the local council but also one organized by the Anaheim Girl Scout Council. She is a member of the California Scholarship Federation and a participant in the Girls' Recreation Association at Montclair High School.

CONFERENCE TIME — Diane David, left, and Janet Johnson are packed and ready to leave for the 1967 Conference on the Home in Tucson, Arizona. The Senior Girl Scouts from Troop No. 1080 of the Spanish Trails Girl Scout Council will attend workshops in six subject areas at the conference.

Cable Air Lines seek approval for passenger flights to LA

A public hearing for Cable Commuter Airlines of Upland began Tuesday and will continue through Wednesday and Thursday of this week before the Public Utilities Commission in meeting at Ganesha Park, Pomona, in the Community Building.

The local airline is applying for a certificate of "Convenience and Necessity."

Roger Cable, President of the airline is applying for a route from San Bernardino to Los Angeles, with stops at Ontario and El Monte. He is also applying for the route from Inyokern to Los Angeles, with a stop in Palmdale.

William Meyers, President of Mayers Research Corporation of Newport Beach, who recently achieved prominence by being one of the originators of Air California, has completed a market study of Commuter Service for Roger Cable. Together, they hope to

provide a low-cost, time-saving service to communities in and around the Los Angeles area using Los Angeles Airport and Ontario Airport as the "Hubs" of their feeder operation.

Once the routes are approved, there are plans for expansion and increased service.

One of the many advantages of the Cable Commuter is the ease of parking, at no charge, at the outlying cities, compared to the filled to capacity lot at the major terminal.

Surveys have shown that surface transportation takes longer from some areas to get to Los Angeles than it does to fly to Chicago by air.

Testifying to the great need for additional air transportation are the civic leaders of all the communities served by Cable.

Among the many respected aviation pioneers commenting will be Tom Wolfe, who as chairman of the Board of Directors, lead Air California as successful Airline.

The hearing is being held

at the Community Building in Ganesha Park, at the corner of McKinley and White Avenue. The hours are 10:00 AM to 4:00 PM for the three day period.

Cucamonga is Legion officer

Mrs. Wilson Whiteside, Cucamonga, was installed as historian at a recent meeting of the American Legion Auxiliary, Ontario Unit 112, to begin the new fiscal year at the regular July meeting.

Convention reports were heard by Mmes. Eugene Chisam, John B. Long, Madeline Gunther, Arthur A. Vovelli, and Robert Stanick, president of the Unit.

It was reported that the press book compiled by Mrs. Novelli, Montclair, won first place in the state.

Also at the meeting, Mrs. R. Fred Price of Upland and three other members received their Gold Life membership cards from the Unit.

THEN AND NOW--In 1912 women all over the country were viewing with dismay and disgust the latest swim suit, such as the one shown above on the left, worn by Mrs. Charles Hawthorne. Imagine what nerve it took to walk along the sand with half of your legs (the word was "limbs" then) exposed, though covered with thick stockings. Soon the style caught on and its merits were acknowledged--a flattering full skirt and especially a frilly, ultra-feminine duster cap. As the years went by, styles changed more and more to less and less until we have the 1967 suits -- teenie, weenie polka-dot-bikinis, such as the one on the right. These swim suits and many more, from 1912 to the present day, were modeled at a luncheon and splash party at the home of Mrs. Arnold Wright, 109 Aster St., Upland. The fashion show was sponsored by St. Faith's Guild in a membership drive for St. Mark's Episcopal Church, Upland.

REPORT from

IS CAPTIVE NATIONS WEEK OUT OF DATE?

Captive Nations Week comes this year at an appropriate and useful time. A man from Mars listening to recent Communist speeches made at the United Nations or in the Middle East would conclude that behind all the confusion and conflict in this bleeding world is that sinister source of imperialistic colonialism - the United States of America.

Many world statesmen have become so accustomed to deliberate and endless fabrications by representatives from Russia and various satellite governments that they simply unthink their minds and try to think of something pleasant, or at least, something different. Israel's Abba Eban "did himself proud" by throwing back into the teeth of the Russian bear ridiculous charges comparing Israeli action to Nazi genocide. United States Ambassador to the U.N. Goldberg exercised admirable restraint, passing up countless opportunities to resort to epithets and name calling.

In observing Captive Nations Week, we quietly tell the world and ourselves that the Soviet Union is the great colonial power of modern times. A discerning look impresses us with the grim fact that the current aggression of Communist nations is probably the most ambitious and ruthless imperialism since the days of Alexander the Great or Ghengis Khan.

Listening to the long, dreary offerings of the same tasteless invective from Iron Curtain spokesmen, one wonders how otherwise intelligent men can say such things and keep a straight face. But these merchants of deception are good poker players. They know that even the most ridiculous charges will be believed by the uninformed, the misinformed and malcontents in this country and throughout the world if they are repeated often enough without laughing.

Captive Nations Week reminds us that a billion people are twentieth century captives of Communist governments who place little or no value on the life or dignity of individual men and women. Most folk in these "people democracies" either vote for candidates on the single slate or face political and social ostracism if not extinction. Most are not free to worship as they choose. They cannot express non-conformist political or philosophical views and dare not criticize their governments. They cannot leave their homelands or freely travel within them. They are surrounded with barbed wire and walls bristling with machine guns and land mines. They cannot buy or sell in a free market or even own a home in the traditional sense. Separated from their own children, they are afraid to speak to them of family and religious traditions and beliefs. Every neighborhood and apartment house has its paid informers. Most are hungry.

We honor the patient, suffering, frightened people in such captive countries as Estonia, Latvia, Poland, East Germany, Roumania, Hungary, Czechoslovakia, Bulgaria, The Ukraine, Mongolia, Tibet, China, North Korea, North Vietnam, and Cuba. In spite of the shackles and terror, they still dream of liberty and individual dignity... of hard work and personal responsibility in a world of free men.

Home modeling seminar set by Edison company

Three modernization seminars, designed to acquaint Upland homeowners with various aspects of home remodeling, will be conducted as a community service by Southern California Edison Company.

C. G. Shores, local manager, said the seminars will be held at Edison's Covina Living Center, 235 E. Badillo St., Covina, on Tuesday, July 18; Tuesday, July 25; and Tuesday, Aug. 1.

Each program will last from 7 to 9:30 p.m., and reservations may be made by calling Mrs. Jeanne Joseph, Edison modernization counselor, at (714) YU-31746.

The first program on July 18 will feature kitchen and laundry planning. A home economist will demonstrate an electronic oven and a self-cleaning oven, and a remodeling contractor will be on hand to discuss remodeling procedures.

On July 25, room additions will be the topic of discussion and will feature

specialists in the fields of heating, air conditioning and floor covering.

Lighting and decoration will be the theme of the third seminar on Aug. 1, and will include advice and suggestions from a lighting specialist and an interior decorator.

"All interested homeowners are invited to attend these free seminars. The meetings will be informal and question-answer sessions will be included so that specific questions, projects or problems may be discussed," Shores said.

Wins first stripe

Our men in service

Marine Private First Class Jerry L. Morris, son of Mr. and Mrs. Wilmer W. Morris of 1216 Quince Ave., Upland, was meritoriously promoted to his present rank and received a Marine Corps "Dress Blues" uniform at the Marine Corps Recruit Depot, San Diego.

He competed with approximately 60 other recruits for the award, which is presented by Leatherneck Magazine to the honorman of each platoon during recruit graduation.

He will now undergo about three weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and

endurance. Marksmanship with M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A study of basic military subjects; hygiene; first aid and sanitation; and the customs, courtesies, history and mission of the Marine Corps serve to prepare him to join Marine combat forces.

Ensign Kenneth R. Nelson, USNR, son of Mr. and Mrs. Robert V. Nelson of 990 Sycamore Cr., Upland, took part in decommissioning ceremonies of his unit, Naval Transport Squadron Three at McGuire Air Force Base, N. J.

Marine Reserve Second Lieutenant Glenn W. Dyer, son of Mr. and Mrs. J. Will-

ard Dyer of 2420 Bellevue Road, Upland, received his Navy "Wings of Gold" during a ceremony at Ellyson Field, Pensacola, Fla.

He received his designation as a naval aviator and helicopter pilot after successfully completing the Naval Air Training Command flight training program.

Lieutenant Dyer is a graduate of Northern Arizona University, Flagstaff, Ariz.

Two new patrons for Chaffey Art

The Chaffey Community Art Association welcomes two Patron members, Robert Bell, manager of the Grove Theatre and Mark Shipley, owner of the Gallery Theatre, into the Association.

It is the policy of the Art Association to hang paintings in offices, banks, hospitals and theatres when the owners or managers become patrons of the Association.

Paul McGannon, exhibit chairman for the Chaffey

Art Association, announces three new exhibits to be hung this week.

At the Gallery Theatre, Foothill at Campus, seven members of the Association will be represented: June Alexis, Kathryn Arnett, Edith Horsburgh, Lech Krahelski, Paul McGannon, Robert Smith and Harriet White.

In charge of exhibits at the Grove Theatre is Dennis Van Schuyver, Art Coordinator for the Ontario Schools, who is arranging a

colorful display of oil paintings and stichery, the works of art students as well as Association members. The exhibit will hang in the lobby of the Grove, at 9th and 3rd Ave, Upland.

The summer exhibit in the reception room and corridors at the Permanente Medical Center, 1025 West I, Ontario, will feature Van Schuyver's stichery and reweaving, an art form on a linen or burlap fabric in which a variety of threads

and yarns are used in the design.

July events for the Chaffey Art Association will be a patio supper on July 22nd at the home of Mr. & Mrs. Charles Rupert, 1552 Kenmore Court, Ontario, and an evening at the Gallery Theatre to see "Clouds of Glory" July 14th.

Mrs. W. B. Rundle is entertaining board members at her home on July 12th at 7:45 p.m.

What's the fire department doing? They're training, of course!

What's the fire department doing at the Grove theater?" asks an Uplander. "Where's the fire?"

"Who was burned out on North First Street last

night?" queries another. "The fire department was all over the place there last night."

Such comments are the typical aftermath of the Up-

land Fire Department's pre-fire planning and training programs.

The fire suppression crew was at the theater familiarizing its members with the layout in the event of future fires.

And the department was setting fires and efficiently putting them out in realistic fire drills in the city-purchased house on North First Street where there will soon be a civic center.

Chief Leon Lamphear said yesterday nearly 30 buildings of public assembly have been inspected recently square foot by square foot by the men who may be called upon to fight a fire in them some day.

"The men learn first hand the characteristics of the building," he said. "They look for fire walls, stairways inside and locate water supply and even the exposure of adjacent buildings on the outside."

Following the inspection on the premises, the men actually pre-plan the best fire fighting procedure in case flames do break out in the building.

The pre-planning program is continuing and residents can expect to see firemen and their equipment at public buildings more often.

"We'll eventually inspect every commercial, industrial, mercantile and similar public building in town,"

the chief said.

Permission is received quite readily from owners of the building who realize the benefits to their property in the program. Schools and even hospitals are included.

Last year firemen trained 5,304.34 man hours in the 19 man department.

"We aren't usually as fortunate as we have been this year to have old buildings to train in," said Lamphear. "The homes the city bought to make way for the civic center has been a boon to our training program."

Nearly 60 fires were set in the old building at 421 North First Street during fire drills and, in the end, it didn't burn down but was demolished by wrecking crews and carted off.

"It sharpened our men to work with actual fires in a building," the chief said.

He pointed out that usually the department confines itself to "evolution training."

This is the term for day in and day out training on proper procedures in every step of fire-fighting from laying a hose to command decisions on how to fight a particular fire.

"Fire protection for a city is a department that is trained to a fine edge," the chief said. "So we emphasize training."

STARTING A REAL ONE -- Captain Don Morton sets off a fire in a bedroom of a vacant house on North First Street while his crew waits outside to be confronted with the problem. "It's the best kind of training," said Morton. The house was bought by the city and later was demolished to make way for the new civic center.

Lesondak cops Foothill Little League crown

Lesondak Plumbing has edged out Pomona Valley Creamery for the 1967 Foothill Little League Championship with a 17-4 won lost record.

The champions have held the top spot in league standing all year due in particular to a pair of Davids -- Hill and Walker.

David Hill, Lesondak star pitcher, has lead the loop in batting with a remarkable .620 average, including 10 home runs.

He has been paced at the plate by teammate David Walker with ten circuit clouts and a .432 average.

The pennant race has been neck-and-neck with Pomona Valley Creamery. That team's Neil Boring has 11 home runs to his credit.

It has been a hitter's season in the league. Other top batters have been Walter Florian, Skycrest Ford; Jeff Wallace, Sierra Lathing; Milton Cowan, Upland Breakfast Lions; Dave Carter, also of the Lions; Dave Wallace, Sierra Lathing; Sam Patella, Skycrest Ford; and Alan Campbell, Pomona Valley Creamery.

The first all-star game will be held Friday, July 21, at 5:30 p.m., on the Twenty-Fourth Street Park off Mountain Avenue. Foothill will take on the Upland American All-Star team.

The second all-star affair is scheduled for Saturday, July 22, at the same place, when the winners of the July 21 game play the Upland National Little League All-Stars.

Lions host their team

The Upland Breakfast Lions Club last week hosted the team they sponsor at a breakfast. After appetites were appeased, all who attended settled back to watch the 1964 and 1965 World Series, shown by Larry Magnon, proprietor of Advance T.V. Co.

At tomorrow's meeting, July 20, Mrs. Kelber, public relations director of the Pomona Valley Transcribers Club, will speak on the process of transcribing books into Braille, a special interest of the Lions.

LIGHT HEARTED MUSIC--Preparing for the "Music Under the Stars" concert to be given by the West End Symphony Orchestra in Ontario's De Anza Park Wednesday evening, July 19, at 7:30 are Winfield Angel of

Upland, personnel manager, Fred E. Graff of Claremont, assistant conductor, and Mrs. G.L. (Lois) Butcher of Sunnymead, concertmaster.

Boy Scout Camporal at LA fair

Boy Scout troops from the southern California area are invited to participate in the Boy Scout Camporal at the fortieth annual Los Angeles County Fair, Sept. 15 through Oct. 1.

A total of 200 patrols numbering eight scouts each will take part in group camping during the three weekends of the fair: Sept. 15 to 17, Sept. 22 to 24 and Sept. 29 to Oct. 1.

All equipment for the camps, including tents, food and demonstration equipment, will be "packed in" by the scouts to the camp ground area at the rear of the fair's Flower and Garden Show.

Patrols will be judged continuously from their 5 p.m. Friday afternoon arrival until their departure on Sunday afternoon. Each patrol will be officially inspected each day from 10 a.m. until noon.

Judging will be based on camp layout, cleanliness, personal appearance and behavior of patrol members, and demonstrations.

Campsites will be open to public viewing during fair hours. Demonstrations by two or more scouts on scouting skills will be given by each patrol between 10 a.m. and 3 p.m., and 6 p.m. and 10 p.m. each day during the Camporal.

Henry J. teVelde, son of Mr. and Mrs. George teVelde, of 1693 N. Euclid Ave., Upland, and a 1961 graduate of the Upland Academy, was granted his Doctor of Veterinary Medicine degree from the University of California, at Davis, on June 14.

BABYSITTERS

Children's accidents rise when the babysitter neglects her responsibilities. An insurance firm advises parents to be selective when hiring a babysitter. Also, be sure she is prepared to handle any emergency that might arise.

'Under the stars'

The West End Symphony Orchestra will play light-

hearted music suited to the informal occasion when it appears in Jaggard Bowl at De Anza Park in Ontario Wednesday evening, July 19, under auspices of the City Recreation and Parks Department.

This concert, like other events in the "Music Under the Stars" series, will be given without charge as a service to the community.

Assistant conductor Fred E. Graff of Claremont, who will be on the podium, has chosen the following works to be played from 7:30 p.m. to 9:

Hoodown from "Rodeo" by Aaron Copland; Selection from "My Fair Lady", Lerner & Lowe; Allegro Spiritoso movement from "Sym-

phony No. 93 in D Major", Joseph Haydn; Three Dances from "The Bartered Bride", Smetana; "Egmont Overture", Ludwig van Beethoven; and "Capriccio Espagnol", Rimsky-Korsakoff.

Tables are available for music buffs who may wish to eat a picnic supper in the tree-shaded park prior to the concert.

SHEER FEAR -- Vonnie Beard of Upland reacts with horror at the advances of Cucamonga Bruce Jones in the Chaffey College production of "My Sister Eileen." Miss Beard plays the role of Eileen in the comedy. Jones is cast as the predatory landlord. The farce will be presented July 28-29 in the little theater.

Chaffey College players to present 'My Sister Eileen'

"My Sister Eileen" will be presented by the Chaffey College community players in the little theater at 8:15 p.m., July 28-29.

The play is keyed to the wacky encounters and tribulations of two sisters from Columbus, Ohio, seeking success in New York City. Even their basement apartment in Greenwich Village, rocked by periodic blasting for a new subway, conspires against them.

Chaffey College speech instructor Carol Sayles is cast as the older of the two sisters in Joseph Fields' and Jerome Chodorov's three-act comedy. Coincidentally, Miss Sayles is actually from Columbus, Ohio, only she trekked to Upland, not New York.

The role of Eileen, the glamorous but hare-brained sister, is acted by another Uplander, UCLA student Vonnie Beard.

Bruce Jones, Cucamonga, steps into the character of the predatory landlord who among other misrepresenta-

tions claims to be an artist and a writer of "epic poetry and epic drama."

Other leads in this farce are handled by Kenneth Stephens, Ontario; Jeffrey Gossett, Cucamonga; David Graham, Etiwanda, and William

Beck, Fontana. Directing the community production is Chaffey College's Ralph Strane, who also raises prize fowl in Cucamonga. There will be no admission charge.

The Garrick Players will have trouts for "SPRING TIME FOR HENRY", a comedy in three acts, on Tuesday the 27th Wed., the 28th and Thurs., the 29th at 7:30 at the Castle on the corner of "C" and Lemon in Ontario.

There are four people in the cast, two men, Mr. Dewlip and Mr. Jellwell both about forty and two women one about 20 and the other about 24. They are Mrs. Jellwell and Miss Smith. Maxine Coats Lentz will be the director.

Editor:
"American cities declared moral disaster areas!" Why not? Whenever an area is racked by earthquake, fire, or wind, it is quickly designated a "natural disaster area," and we all join hands in giving it rebirth. But let rampant licentiousness shred the fabric of a community and we meekly term it the "new morality."

It has already been pointed out that the "new morality" is just the old immorality after all. As old as Sodom and Gomorrah, for instance. The turn of the archaeological's shovel reveals that nothing much in the realm of vice is really new. We just have an advanced technology which permits us to destroy ourselves with greater rapidity.

What hope? A careful examination will reveal that there is still a solid core of citizens who stand for common decency. There are also many who have become a bit dubious about the "freedom" afforded them by the new morality. With some encouragement these various individuals could begin to make their influence felt.

At the risk of being considered hopelessly old-fashioned, may I suggest that the moral breakdown we see around us began with the deterioration of the home? And that the rebuilding of the home could best be effected by a return to such familiar practice as the reading of the Bible, the establishment of family worship, and the acceptance of the Ten Commandments as an ideal code of conduct?

The press is a power for good. Why not face up to the plain facts, and declare certain of our large cities "moral disaster areas?" Then challenge the citizenry to a better way of life. Let's not wait until we pass the point of no return.

Sincerely yours,
Ansel L. Bristat
